MORE INFO?

See overleaf

Join Geïntegreerde Zorg Waasland and go for a better life with us.
This is not just something that will benefit you today,
but the whole of society tomorrow.

Sign up with Geïntegreerde Zorg Waasland and...

- 1 get involved with the project's free initiatives
- 2 improve your quality of life
- 3 extend your self-reliance through better monitoring and guidance

How do you get involved?

Contact your care worker or the project directly.

By email: info@gzwaasland.be

By phone: 0456 38 90 26

Confirmation of participation for:

What does Geïntegreerde Zorg Waasland mean to you?

Contributing to
the health of
tomorrow.
Together for
integrated care.

Some examples of our initiatives

- 1 An evening home-based family care service (between 16:00 and 22:00). This evening offer is the only initiative which is not free of charge to the patient.
- 2 Bringing your care network together:
 - Appointing a professional to be the point of contact for all caregivers, for yourself and for your loved ones. They make all the arrangements and divide up the tasks.
 - Organising a consultation with you and your caregivers
- 3 Giving you a better view of your care and diagnosis:
 - Evaluation and adaptation of your medication regime
 - Considering ease of use and your requirements for medication use
 - Survey and overview of your care needs
- 4 Coaching support for dementia and Parkinson's disease

And much more...

Would you like to receive our newsletter?

Then let the project have your address or email, or ask your caregiver to arrange this for you. You can register by phone, by mail or on the website.

What happens after enrolling in the project? By taking part in the project, you agree to share your data in a secure way with your healthcare providers. This data is only shared when it is necessary for the implementation of the care plan and in accordance with the laws on privacy. In addition, this data is also shared anonymously with the project in order to measure the impact of our free initiatives.

Want to stop? You can decide to leave the project at any time. This can be arranged by contacting your social worker or the project.

Any more questions? Contact the project.
